

# UHF STRIP TAG

## IDT ST100

The RFID Strip Tags (IDT ST110) are UHF Gen2 Long range passive tags that boast an array of impressive features. With their large size, these tags provide ample surface area for optimal readability and easy application on assets such as pallets, crates, and containers. The Strip Tags come with a remarkable 10m read range, ensuring reliable and accurate data capture even in challenging environments. Additionally, these tags are built with an IP68 rating, making them resistant to dust and water ingress, further enhancing their durability and performance.
